RIDGEVILLE CHRONICLE

BUILDING ON THE WORD

The mission of the Church of Jesus Christ is to lead unbelievers and to equip believers to an everlasting commitment to Jesus Christ. This mission will be accomplished through Biblical foundational preaching and teachings, promoting charity and Christian Fellowship to its members and community through love and unity.

VACATION BIBLE SCHOOL 2017

Join us on Sunday, June 11, 2017 for our **Kickoff to VBS**. We will have a cook out following morning service. Classes are Monday, June 12- Wednesday, June 14, from 6:30 pm – 8:00 pm nightly. Please sign up by Sunday, May 28.

This year's VBS program continues this tradition by encouraging participants to **Glow For Jesus; Let Your Light Shine!**. The program is based on the Bible verse, "**Let your light so shine before men, that they may see your good works, and glorify your Father which is in heaven.**" (Matthew 5:16 KJV- theme verse). Course motivates students of all ages - preschool to 17 - to serve as light in a world of darkness through their action and attitudes, using their gifts, skills and interests to help others.

The Andy Griffith Show is a unique television series in that it never goes out of style. I've often heard people say, "I wish we could go back to Mayberry; back to a simpler time when life was far less complicated". The names Andy Taylor, Barney Fife, and Gomer Pyle instantly produce memories of a particular show or situation.

We remember Andy for his selfless attitude and ability to find good in any situation. Barney had the best of intentions, but his methods always seemed to backfire. And Gomer may have seemed a bit naïve, but his compassion toward others was undoubtedly genuine. Basic values such as character, personal responsibility, honesty, and integrity were routinely exemplified by the show. For these reasons, Ridgeville Baptist Church of Inman, SC, will be "**Finding the Way Back to Mayberry**". Come join us on our journey!

Medical News: What is Osteoarthritis?

Osteoarthritis, or "wear-and-tear" arthritis, is the most common type of arthritis. Also known as degenerative joint disease or age-related arthritis, osteoarthritis is more likely to develop as people age. Inflammation and injury to the joint cause a breaking down of cartilage tissues, resulting in pain, swelling, and deformity. The changes in osteoarthritis usually occur slowly over many years, though there are occasional exceptions.

How Does Osteoarthritis Affect the Foot and Ankle? Each foot has 28 bones and more than 30 joints. The following are the most common foot joints affected by osteoarthritis:

- The three joints of the foot that involve the heel bone, the inner mid-foot bone, and the outer mid-foot bone
- The joint of the big toe and foot bone
- The joint where the ankle and shinbone meet

What Are the Symptoms of Foot and Ankle Osteoarthritis?

- Tenderness or pain
- Stiffness in the joint
- * Reduced ability to move, walk, or bear weight
- * Swelling in the joint

How Is Foot and Ankle Osteoarthritis Diagnosed? The diagnosis of foot and ankle osteoarthritis most likely will involve:

- A medical history
- X-rays
- Inserts that support the ankle and foot (orthotics)
- Physical therapy
- Weight control
- * Physical exam
- * Magnetic resonance imaging (MRI) or CT scans
- * Custom shoes
